

# RECEIVERSHIP REPORT

News, Resources & Connections  
for the City of Chester

## Being Present

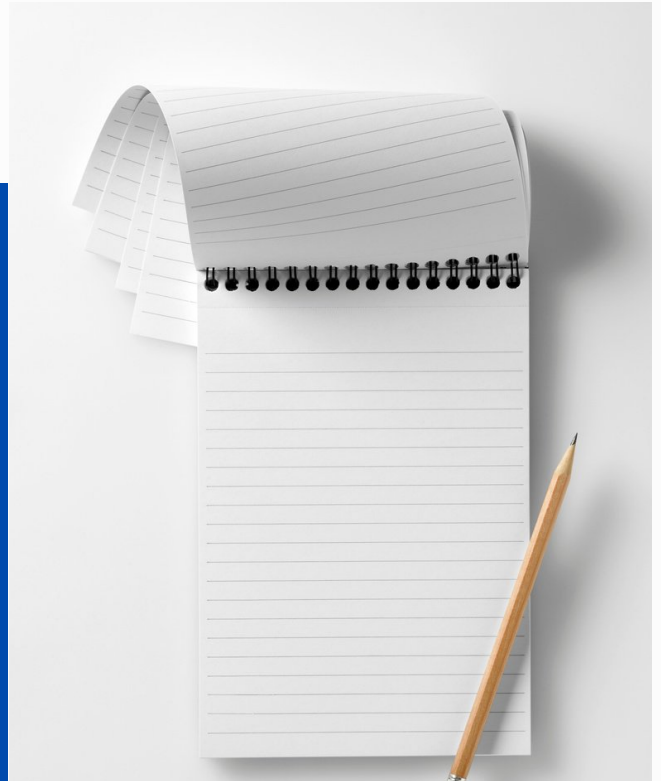

Michael T. Doweary, Receiver for the City of Chester

### Dear Residents and Faithful Members of the City of Chester:

As the summer continues, we are becoming more and more present in the community. We now have a local office presence, with more of our team available to engage with all of you.

As we go into another quarter, we are proud to start with a Park Cleanup at East End Recreation Center (park, not the facility), that will serve as the first Breakfast with the Receiver. We'll have Phatso's, talk about the American Rescue Plan Act, take an interactive poll, and beautiful our city - one park at a time.

We're looking forward to having The Summit later this summer, as we lead into the start of the new school year. Let's all continue to stay safe, as COVID continues to disrupt our way of living. Thanks for your support and we look forward to connecting with you! For Chester. For its residents. For all of you.

## COMMUNITY POLL

*Thoughts on the American Recovery Plan? Take the latest poll!*

## RECEIVERSHIP MILESTONES

Amended Recovery Plan Approved for the City of Chester

Efficiency Optimization of City Functions Continues

American Rescue Plan Development
